

1. (i) Complete these time conversion sticks or facts.

1 minute = seconds	1 hour = minutes	1 day = hours

(ii) Complete these other time facts, using these numbers: 52 365 366

- 1 year = or days
- 1 year = and a bit weeks

(iii) Complete: the diagrams below show the time fact • 1 = 7

proportional triangle	conversion stick	function diagram

timeChange (4) Q1: (i) facts 60, 60, 24 (ii) 365 or 366; 52; (iii) 1 week = 7 days

Q2: (i) facts 60, 24, 7 OR time sticks: 60, 120, 180; 24, 48, 72; 7, 14, 21 (ii) 365 or 366; 52; 12

1. (i) Complete these time conversion sticks or facts.

1 minute = seconds	1 hour = minutes	1 day = hours

(ii) Complete these other time facts, using these numbers: 52 365 366

- 1 year = or days
- 1 year = and a bit weeks

(iii) Complete: the diagrams below show the time fact • 1 = 7

proportional triangle	conversion stick	function diagram

2. This table shows 3 ways to convert from hours to minutes.

proportional triangle	conversion stick	function diagram

(i) Complete these time conversion sticks or facts.

1 minute = seconds	1 day = hours	1 week = days

(ii) Complete these other time facts, using these numbers: 12 52 365 366

- 1 year = or days
- 1 year = and a bit weeks
- 1 year = months {F.Y.I. Not all months are the same}

2. This table shows 3 ways to convert from hours to minutes.
