

1. (i) Complete the  $\downarrow$  and the  $\rightarrow$  scale factors.

You may use the 3 row of the times table grid.

$\times$	2	3	4	5	6	7	8	9	10
3	6	9	12	15	18	21	24	27	30

- (ii) Complete the missing value of these proportional pairs.

2. (i) Complete the  $\downarrow$  and the  $\rightarrow$  scale factors.

You may use the 8 row of the times table grid.

$\times$	2	3	4	5	6	7	8	9	10
8	16	24	32	40	48	56	64	72	80

- (ii) Complete the missing value of these proportional pairs.

proportionalPairsNC (3) Q1: (i)  $\downarrow \times 6$  and  $\rightarrow \times 2$ ; (ii) 36 Q2: (i)  $\downarrow \times 6$  and  $\rightarrow \times 10$ ; (ii) 480  
 Q3: (i)  $\downarrow \times 10$  and  $\rightarrow \times 5$ ; (ii) 300; Q4: (i)  $\downarrow \times 7$  and  $\rightarrow \times 2$ ; (ii) 70

1. (i) Complete the  $\downarrow$  and the  $\rightarrow$  scale factors.

You may use the 3 row of the times table grid.

$\times$	2	3	4	5	6	7	8	9	10
3	6	9	12	15	18	21	24	27	30

- (ii) Complete the missing value of these proportional pairs.

2. (i) Complete the  $\downarrow$  and the  $\rightarrow$  scale factors.

You may use the 8 row of the times table grid.

$\times$	2	3	4	5	6	7	8	9	10
8	16	24	32	40	48	56	64	72	80

- (ii) Complete the missing value of these proportional pairs.

3. (i) Complete the  $\downarrow$  and the  $\rightarrow$  scale factors.

You may use the 6 row of the times table grid.

$\times$	2	3	4	5	6	7	8	9	10
6	12	18	24	30	36	42	48	54	60

- (ii) Complete the missing value of these proportional pairs.

4. (i) Complete the  $\downarrow$  and the  $\rightarrow$  scale factors.

You may use the 5 row of the times table grid.

$\times$	2	3	4	5	6	7	8	9	10
5	10	15	20	25	30	35	40	45	50

- (ii) Complete the missing value of these proportional pairs.

3. (i) Complete the  $\downarrow$  and the  $\rightarrow$  scale factors.

You may use the 6 row of the times table grid.

$\times$	2	3	4	5	6	7	8	9	10
6	12	18	24	30	36	42	48	54	60

- (ii) Complete the missing value of these proportional pairs.

4. (i) Complete the  $\downarrow$  and the  $\rightarrow$  scale factors.

You may use the 5 row of the times table grid.

$\times$	2	3	4	5	6	7	8	9	10
5	10	15	20	25	30	35	40	45	50

- (ii) Complete the missing value of these proportional pairs.
