

1. Here are seven shapes.

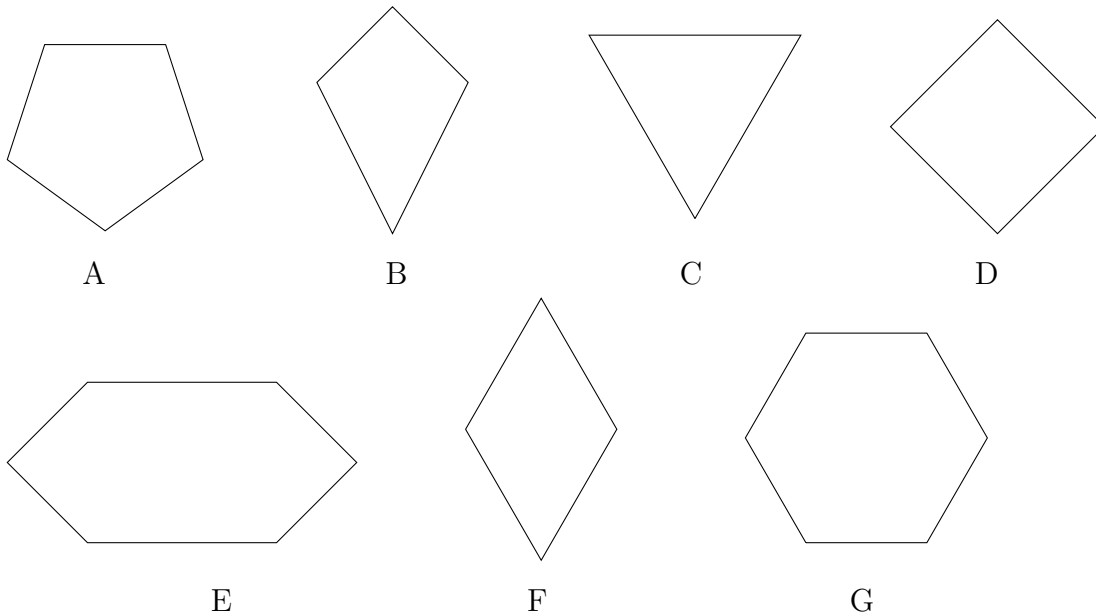

**One** of these shapes has only **one** line of symmetry.

Write down the letter of this shape.

reflect (9) Q1: B    Q2:             Q3:             

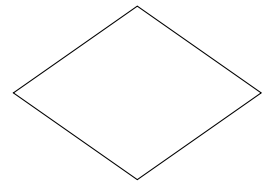

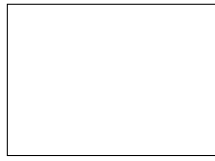

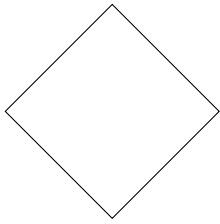

1. Here are seven shapes.

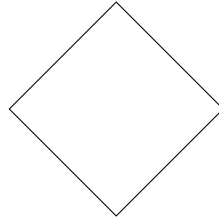

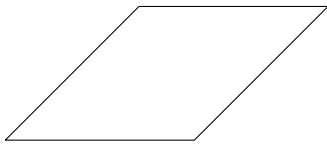

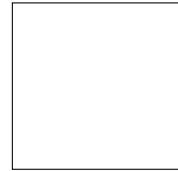

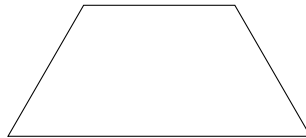

**One** of these shapes has only **one** line of symmetry.

Write down the letter of this shape.

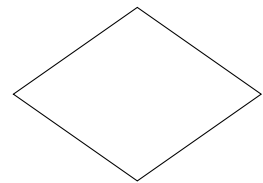

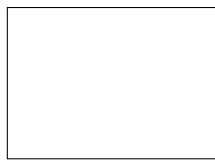

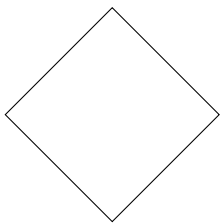

2. Draw all the lines of symmetry on these quadrilaterals.

3. Circle the quadrilaterals which have exactly 2 lines of symmetry.

2. Draw all the lines of symmetry on these quadrilaterals.

3. Circle the quadrilaterals which have exactly 2 lines of symmetry.
