

1. Which is larger 28 % or $\frac{3}{10}$?

1.

2. Which is larger $\frac{1}{4}$ or 30%?

2.

3. Aadil got 72% in his November science test.

He got $\frac{19}{25}$ in his December science test.

Aadil wants to know if he got a higher mark in science in November or December.

Which month was the higher mark November or December?

Explain how you know.

3.

Answers

1. $\frac{3}{10}$

2. 30%

3. December and reason e.g. $76\% > 72\%$ or $\frac{19}{25} > \frac{18}{25}$ M1
